Palliative Care Best Practice Model Global Rating Form  
Module 3: Individualizing a Palliative Plan of Care

Circle which video you are rating: VIDEO 1 VIDEO 2

Instructions: Print out a hard copy of this form and please review paying close attention to assessments you are asked to rate and make. Then observe the videos: Mrs. Rowen Individualizing Care 1 and Mrs. Rowen Individualizing Care 2 and rate each video based on the five point likert scale grounded in the descriptive statements. It may require viewing each video more than once to complete the rating and comments. The clinical behaviors that you should keep in mind as your rate the video are included to help you in your evaluation. More detailed definitions of each clinical behavior are available if required. Once you have completed rating and commenting on the video you need to submit your final scoring on-line at: URL with link. After submission you will receive an email with feedback comparing your rating of the video with that of the faculty.
